WELCOME to HELEN!

HOW DID HELEN BECOME WHAT IT IS TODAY?

Helen, nestled in the Blue Ridge Mountains on the Chatahoochee River, is a re-creation of an alpine village complete with cobblestone alleys and old-world towers. This Northeast Georgia village has a rich history linked to the Cherokee Indians and the Mississippian mound builders as well as early settlers who arrived in the early 1900s to mine for gold and cut virgin timber for a thriving lumber industry.

Now celebrating its 55th year as a mountain community with a touch of Bavaria, Helen's evolution into an alpine village began in 1968 when a group of local businessmen met to discuss ways to revitalize their town. They approached a nearby artist friend who had been stationed in Germany. He sketched the buildings, added gingerbread trim, details and colors to the buildings, giving an Alpine look to the entire town. In January

1969, business owners and local carpenters began turning ideas into reality and all downtown stores were renovated. Facades of buildings were painted with scenes of Bavaria and North Georgia, mirroring

the migration of early settlers. In 2002 alone, \$1.2 million was spent on improvements in the downtown area.

Helen has accomplished much; it has created a new town and industry, providing jobs for more people and boosting the economy of the entire area. Helen also commemorates its historic past when the early settlers came to this remote area. A village with mountain heritage and a touch of Bavaria, Helen has created a unique experience for its visitor.

So, this is the story of Helen, the miracle of a small, remote mountain community that revitalized itself in various ways throughout several centuries and that today hosts nearly 2 million visitors each year.

WHAT DOES HELEN HAVE TO OFFER?

Just northeast of Atlanta, off Interstate 985-365, and southwest of Greenville, SC, off Interstate 85, Helen provides visitors a place to relax, away from the hustle and bustle of city life. More than 200 specialty and import shops, restaurants and over 1,100 quality rooms are located in Helen. Outside of town, cabins and chalets are available, many with cozy fireplaces in secluded settings.

WELCOME to HELEN!

Visitors can enjoy river tubing, horseback riding, golf, canoeing, fishing, mountain biking or hiking to one of the many majestic waterfalls close by. Helen hosts one of the nation's longest Oktoberfests each year, bringing in thousands of revelers.

WHAT IS HELEN'S CLIMATE LIKE?

Temperatures in the North Georgia Mountains vary greatly. Summertime temperatures range from 90 degrees F during the day to 70 degrees F during the night, while winter temperatures range from 60 degrees F during the day to a low of 20 degrees F at night. Usually, the cool mountain breezes make the climate very comfortable for everyone.

TRAILS & HIKING

UNICOI STATE PARK HIKING TRAILS

Adventure Lodges of Georgia - Unicoi State Park

800-573-9659 or 706-878-2201 | www.unicoilodge.com

Smith Creek Trail

This trail offers a serene walk through dense patches of rhododendron, mountain laurel, hemlock & ferns. Travel up and over Hickory Nut Ridge and through hardwood stands and across several small mountain streams and springs. This trail ends at park campground. (4.6 miles)

Directions - Take GA 75 north from Helen for 1 mile. Turn right on GA 356 and drive 1.5 miles. Turn left at the entrance road to Anna Ruby Falls. Hike the 0.4 mile trail to Anna Ruby Falls. Smith Creek Trail begins at the right of the first observation bridge. Parking fee required.

SMITHGALL WOODS TRAILS

Smithgall Woods Trails

706-878-3087 | gastateparks.org/smithgallwoods

Laurel Ridge Trail

This interpretive trail is a moderate 1.6 mile loop that climbs to Laurel Ridge and a view of Mt. Yonah. Take an interpretive guide from the Visitors Center to learn more about the mountain ecosystem.

The following trails must be hiked from the Smithgall Woods Visitors Center. Please include the distance from the Center in your hiking plans.

Wetlands Loop Trail - (1.3 miles from Visitors Center) An easy 1/2 mile loop trail that passes a beaver pond and wetland area. Water fowl and frogs are residents that hikers may see or hear. Our Frogs of Smithgall Woods guide makes it possible to identify frogs by their calls.

Martin Mine Trail - (2.1 miles from Visitors Center) This memorial trail is a moderate 1/2 mile hike to a beautiful waterfall tucked into the mountain. Deeply shaded by rhododendron, it is a cool retreat in summer and a lush hike any time of the year.

In addition, there are unmarked roads throughout the park that can be hiked.

TRAILS & HIKING

OTHER TRAILS

Helen to Hardman Trail

Walk alongside history on the Helen to Hardman Heritage Trail. One mile pet-friendly, accessible trail follows the Chattahoochee River from Hardman Farm State Historic Site to Alpine Helen. Learn about native plants and animals, Helen's heritage and the influences that have made this area attractive to people for over one thousand years. Parking is located at both ends of the trail. Directions: From the Welcome Center, turn left out of the parking lot and go to the 4-way stop. Turn right and continue to the next stop sign. The parking lot is on the left just past the stop sign.

Andrews Cove Trail

This trail follows an old logging road up Andrews Cove and intersects the Appalachian Trail at Indian Grave Gap. (2 miles) Take GA 75 north from Helen for 5 miles. Turn right into the Andrews Cove Recreation Area.

WATERFALLS

Anna Ruby Falls

Spectacular Anna Ruby Falls is located in the heart of the Chattahoochee National Forest. The quiet coolness of the area is broken only by the thundering rush of water flowing over the rugged cliff face.

Anna Ruby Falls marks the junction of Curtis and York Creeks. Both creeks begin on Tray Mountain and are fed by underground springs, rain and snow. Curtis Creek drops 153 feet and York Creek drops 50 feet to form the twin waterfalls known as Anna Ruby Falls.

From the falls, Smith Creek tumbles downhill to Unicoi Lake and then to the Chattahoochee River. Its journey continues south, eventually joining the Apalachicola River in Florida and ending its 550-mile journey in the Gulf of Mexico.

A paved 0.4-mile footpath leads from the parking lot to the base of the falls. Walking is easy to moderate and will take approximately 30 minutes to complete. Benches are provided along the way. Walking shoes are recommended since the trail can be wet and slippery.

The Lion's Eye Trail gives people who are blind or have visual impairments the opportunity to experience the environment along Smith Creek. Braille signs interpret various features of the area. Ambitious hikers will find the 4.6-mile Smith Creek Trail a challenge. This longer trail leads from the base of Anna Ruby Falls to Unicoi State Park.

After the Civil War the land surrounding and including Anna Ruby Falls was purchased by Colonel John H. "Captain" Nichols. Colonel Nichols named the twin waterfalls in honor of his daughter, his sole surviving family member after the death of his wife and two infant sons. Please call 706-878-1448 for info.

TRAILS & HIKING

WATERFALLS

Dukes Creek Falls

(Chattooga R.D.) Dukes Creek Trail (.8 mile in length) winds its way into Dukes Creek Gorge where it dead ends across from the 300-foot Dukes Creek Falls. The area offers scenic beauty and excellent gold panning opportunities. Directions: Take GA 75 north from Helen for 1.5 miles Turn left on 75 Alternate and go 2.3 miles to the Russell-Brass-town Scenic Byway. Turn right and go two miles to the Dukes Creek Falls Recreation Area.

Horse Trough Falls

(Chattooga R.D.) Horse Trough Falls Trail (.4 mile in length) leads to the beautiful Horse Trough Falls and is an excellent trail for novice hikers. Directions: Take GA 75 north from Helen for eight miles to Unicoi Gap. Turn left onto F.S. Road 44 (Wilkes Creek Road). Go 5.4 miles to a sharp curve and take the right fork. Go 0.2 mile, ford the stream and follow colored blazes on the trees.

Raven Cliffs Falls

This waterfall is possibly the most unusual in North Georgia because the water flows through a split in the face of a solid rock outcropping to the ground 100 feet below. Behind the split, the water drops 60 feet and then rushes through the rock face to a deep pool and then to Dodd's Creek, which features 3 other waterfalls. The trail is 2.5 miles one way. Directions: Take GA 75 north from Helen for 1.5 miles. Turn left on Alt 75, and travel 2.5 miles to the Russell Scenic Highway. Turn right and travel 2.8 miles to the trailhead and parking area.

Sautee Covered Bridge

It is also known as Helen Bridge, Stovall Mill Bridge, Sautee Bridge, Nacoochee Bridge and Chickamauga Bridge and crosses Chickamauga Creek. Proclaimed Georgia's smallest covered bridge, it was featured in the film "I'd Climb the Highest Mountain." Will Pardue built it in 1895 in the Queen Post design with a length of 36.8 feet and a width of 11 feet 10 inches. There is parking and a picnic area as well as a Historic Marker. Directions: Take GA 75 north of Cleveland for 7 miles, turn right onto GA 17 for roughly 2 miles, then left on GA 255 for 2 miles near the town of Sautee.
